

Maintenance Manager/Millwright – Phantom Creek Estates

We are a family-owned winery whose vision is to be recognized as one of the leading family wineries in the world. Our 80,000 sq. ft. winery with state-of-the-art winemaking equipment, is under construction and due to open in Spring 2019.

We are seeking a Maintenance Manger to join our team prior to the construction group completing the project as the role is critical for the successful transition to being fully operational. This is a unique opportunity to get in on the ground floor for the operations of a premier facility.

As the Maintenance Manger will be responsible for a multi-unit operation that completes the day-to-day activities required to maintain the Winery, Restaurant, History Room, Amphitheatre, Boutique, Office Space, equipment, machinery and overall facility function and appearance. In addition, this role manages subcontractors and assists with small construction project on all properties.

The essential duties and responsibilities include but not limited to the following:

- Transition from setup to start-up
- Develop a preventative maintenance plan and lead/perform the preventative maintenance work
- Comply with PM System Schedule and Deadlines
- Read diagrams, schematic drawing and services manuals to determine work procedures
- Detect and troubleshoot irregularities and malfunctions
- Install, service and repair machinery, mechanical, plumbing, electrical, and HVAC equipment
- Lead/conduct routine, non-licensed inspections of facilities including fire equipment, boilers and effluent systems
- Complete daily maintenance logs and inventory control
- Respond to onsite emergencies through notifications from alarm company or onsite associates in a timely fashion
