### Who we are?

Phantom Creek represents the vision of the Bai family to build one of the leading wineries in Canada. It was a quest that led them to the Black Sage Bench and two of the Okanagan's historic vineyards: Phantom Creek and Becker Vineyards. Today, Phantom Creek focuses on single-vineyard Bordeaux reds, Alsatian whites, and the Okanagan's benchmark varieties of Viognier and Syrah from storied vineyard sites. Led by the tireless efforts of our vineyard team, our estate vineyards are farmed naturally, organically, and biodynamically. All overseen by Olivier Humbrecht, Frances first Master of Wine.

### Job Responsibilities

Reporting to the Winemakers, the Cellar Hand T1 will assist in the efficient and effective execution of cellar operations.

#### Cellar Work

- Follows the plan of the Winemakers, the direction of the Laboratory Technician and full-time Cellar Hands.
- Carry out day to day winemaking tasks such as barrel work, wine racking and transfers, filtering, bottling and cleaning.
- All crush pad operations during harvest, including fruit receipt, weighing, sorting, destemming, pressing, and cleaning.
- Other harvest related duties, such as red wine pump-overs, barrel rolling, punch downs, transfers, dig-outs etc.
- Completion of all written work orders, and associated record keeping.

#### Other Responsibilities

- Meet company expectations in relation to standards of punctuality, attendance, and teamwork. Collaboration with all the Winemaking team, harvest interns and wider PCE employees.
- Help to create a safe and enjoyable work environment and adhere to all company health and safety procedures and policies.
- To assist in the effective and efficient completion of various miscellaneous tasks with the verbal and/or written permission from a direct supervisor
- Other duties as directed by the Winemaker.

#### Job Qualifications

- Certificate, Diploma, Degree in Oenology / Winemaking preferred.
- Excellent written and verbal communication skills.
